

HUTCHINSON CONSULTING

Medical Positions Available:

- **Concierge Integrative/Functional/Lifestyle Medicine Physician- Your Dream Job Starts Here**

We are seeking a board-certified Physician in internal medicine or a family practice physician with specialty training in integrative or functional medicine who seeks to practice proactive, preventive and therapeutic healthcare in a holistic healthcare environment. Our membership model enables physicians to have small patient panels and offer improved care, including long, in-depth consultations, and unparalleled access by phone, text, or email. The physician is expected to provide primary care services for all members, as well as in-depth integrative or functional medicine consultations including customizing therapeutic plans, if applicable. The physician will work with center's multidisciplinary team to develop comprehensive assessment protocols and therapeutic programs for the center and its members. The physician will work closely with Health Navigators as well as medical, wellness, and complementary providers to coordinate care, monitor progress, and modify treatment plans. The center is a state-of-the-art wellness center offering comprehensive medical and preventative care, as well as fitness, coaching, nutrition, spa services, and a healthy café to attain and sustain total well-being. If not currently certified in Functional, Integrative or Lifestyle Medicine, the center will fully fund this certification for the right candidate.

Positions located in the Mid-West and North Eastern US. Salary \$225K +bonus
