

## Welcome to Consortium Connect!

Your home to collaborate with your integrative medicine colleagues

## Steps for Getting Started in Consortium Connect

Setting up your profile and using Consortium Connect is easy and intuitive. We have created these step-by-step instructions to get started. You can also find short tutorial videos after logging into the system.

<https://academic-consortium-for-integrative-medicine-health.us.hivebrite.com/>

### Step 1. Request to Join

Request your community membership by clicking on the “Request to Join” text in the right-hand corner of the page and complete the simple form with your name, email, and organization.

### Step 2. Activate Your Account

Our team will verify your information and approve your community membership. Once approved, you will receive an email inviting you to provide additional information in order to finalize your account activation. (Please note: Click in the Member field to select Institutional Member on the form.)

### Step 3. Set-Up Your Profile

- You will be directed to your personal profile page and specifically, your profile information. Let us know more about you – add your contact information, experience, education, and a photo. The more you include, the more connections you’ll make.

### Step 4. Join a Group

- Click on the Groups tab. A full list of the groups within Consortium Connect will appear. Then, click on the image of the groups you would like to join. This will take you to the group’s Live Feed page. Click the “Join” button on the right-hand side of the page. Once you have clicked that button, you have successfully joined the group.

### Video Tutorials

Once you’ve activated your account, you can access a library of short tutorial videos on common features including setting-up your profile, joining groups, changing your notification settings, and creating a live feed post.
